

## Safeguarding Adults

---

Led by our experienced training team, our comprehensive Safeguarding Adults Course is designed to provide you with a deep understanding of safeguarding adults, including types of harm, signs, and your role as a responsible attendee. The course covers fundamental principles of safeguarding and wellbeing, attendees' responsibilities, types of abuse, and reducing vulnerability.

It also provides guidance on online safety, responding to disclosures, whistleblowing, and key legislation. By taking this course, you will gain practical knowledge to foster a culture of safeguarding and wellbeing, creating safe, valued, and supported environments.
