

Level 4 Diploma in Adult Care

Take the next step in your career with the Level 4 Diploma in Adult Care. This qualification is designed for experienced care professionals who are ready to deepen their knowledge, strengthen their practice and take on greater responsibility.

Ideal for senior care workers, team leaders and those progressing towards management, the diploma develops the skills and confidence to lead good practice, support colleagues and contribute to high-quality, person-led care. With practical, work-based learning and dedicated support from an experienced assessor, the qualification enables learners to build on what they already do well while preparing for the next stage of their career.

Why learn with Coleman Training?

Our learners are our priority. With over 25 years of experience in the social care sector, we understand the needs of our workers and we are committed to doing everything we can to support them.

We believe that achieving a qualification is about far more than completing assessments and gathering evidence. It's about developing confidence, building competence, and feeling supported every step of the way.

What does the Level 4 Diploma in Adult Care cover?

This qualification consists 11 mandatory units:

- Lead communication in adult care services
- Develop, maintain and use records and reports
- Personal development in adult social care settings
- Lead inclusive practice in adult social care settings
- Lead health and safety in adult social care settings
- Facilitate person-centred assessment to support wellbeing
- Facilitate support planning to ensure positive outcomes for individuals and to support wellbeing
- Professional practice in adult social care settings
- Working in partnership with others
- Understand personalisation in adult care and support services
- Understand adult safeguarding and protection in adult social care settings

Learners will then choose from a range of optional units, which reflect different types of service and areas of interest. It is important that optional units reflect the learner's role to demonstrate the evidence required to meet the criteria.
